### **DETAILED ACTION**

1. Amendment filed October 12, 2005 has been entered and acknowledged by the examiner.

### ***Response to Arguments***

2. Applicant's arguments, see pages 10-13, filed October 12, 2005, with respect to claims 1-40 have been fully considered and are persuasive. The rejections of claims 1-40 have been withdrawn.

### ***Allowable Subject Matter***

3. Claims 1-40 are allowed.

The following is an examiner's statement of reasons for allowance:

While the prior art disclosed a method as claimed in previous claims 1,22 (see rejections in previous action), the prior art does not disclose the formation of a hole transport layer including a reaction gas when the subsequently formed electron transport layer is formed without utilizing the reaction gas, as is required by newly amended claims 1,22. Hence claims 1, 22 are allowed.

Claims 2-21, 23-40 are allowed as a result of their dependence on claim 1 or 22.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Conclusion***
